The Hon Secretary of the Boy Scouts Association has submitted a copy of the proceedings of the meeti for the approval of the Hon'ble the Resident.

A revised draft of the proceedings in half margir is submitted for approval.

Copies of the Annual Report and of the agenda are at pages 24 & 25 of File 107/1935.

We have no record of the speech actually made by the Resident and have therefore allowed the speech as reported by the Honorary Secretary to remain as far as possible. It is for consideration whether

whether the office stenographer may be asked to be present at this function in future so that we may have ~~an~~ a correct ~~actual~~ record of the Proceedings.

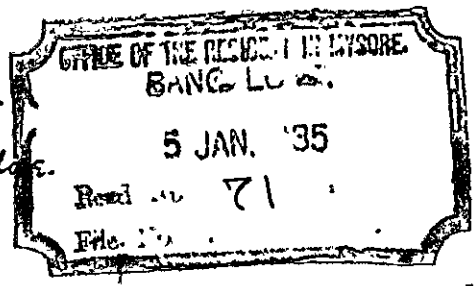
Bangalore.



Dear Sir,

I beg to state that the Executive Committee of this association recommend to the Chief Scout, the Hon'ble the Resident, to appoint Mr. T. P. Santhanakrishna Naidu B.A. L.T. Deputy Inspector of Schools as an Assistant District Commissioner of this association as he has already worked in that capacity in the Madras Provincial Association, where he rendered yeoman service to that association.

On approving the recommendation, the necessary warrant will be sent for the signature of the Chief Scout. I also enclose herein a copy of the Monthly Bulletin issued by General Headquarters for July 1935 for the information of the Chief Scout.

Yours faithfully

# MONTHLY BULLETIN

Vol. 2 | July 1935 | No. 7.

## EDITORIAL.

It is more than a month since the preliminary announcement about the proposed All-India Jamboree has gone out to all the Associations in India. While we have received very useful suggestions and ideas from several Associations, a very large number have not communicated with us on this subject. If such a big undertaking as an All-India Jamboree is to be a success which it deserves to be, it is most essential that we should have the help and co-operation of all the Associations in India.

We have at the same time seen criticisms of the entire scheme published by a Scouter in a newspaper and have also received letters condemning his action in rushing into a public newspaper with attacks on the working of the Boy Scout Movement in India. While it is not our wish to enter into a controversy on this subject, we wish to make it quite clear that we are ready to receive criticisms and to be told if and when, in the opinion of a Scouter, we are found wanting. We realise that we stand to benefit by legitimate criticisms. But a newspaper article not only does not achieve its purpose, but leaves a bad impression in the minds of the public and damages the best interests of the Movement. The feeling is created that we are unable to pull together—and pulling together is one of the basic principles of the Movement.

In this particular instance, the Scouter has levelled several charges against his own Provincial Headquarters when he could easily have represented matters in person to the Officers at his Headquarters. We do wish this could be stopped and the attention of the Scouter concerned invited to the Policy Organisation and Rules—the Rules for playing the Game of Scouting—which does legislate about newspaper criticisms.

Definite information about the Jamboree will be sent out to all Associations by the 15th August, thus leaving at least four clear months for preparations for sending up contingents to participate in the Jamboree. We are fully confident that the response will be worthy of the progress which the Movement has made in India during the last twenty years.

## SEA SCOUT TRAINING CAMP,

### Calcutta, August 23—September 2, 1935.

With a view to encourage the formation of Sea Scout Units in India, a Training Camp for prospective Sea Scoutmasters, has been arranged to be held in or near Calcutta, during the dates mentioned. This course is open to all the Provinces and States in India, and all Associations which have a sea-front or rivers, canals or backwaters are specially invited to send candidates for this course.

Only thirty-two will be admitted to this course. Those applying should know to swim. The camp fee will be Rs. 15/- payable on the day of arrival. Full information regarding details of kit and equipment will be sent to those whose names are registered. Captain P. M. Petigera, M. B., A. F. M. C., Sea Scoutmaster, Bombay and Mr. G. T. J. Thaddaeus, B. C. C., AK. L., will be in charge of the Camp.

Applications should be forwarded through Provincial or State Commissioners, so as to reach General Headquarters, on or before the 10th August 1935.

## NOTES AND NEWS.

**Boy Scouts and the Quetta Earthquake :** Definite information is not available as to the number of Boy Scouts who have perished in or suffered on account of the Quetta Earthquake, but so far as the reports go, the

casualties amongst them have been very heavy. We have heard that both Sir Norman Cater, Chief Scout for Baluchistan and Dr. T. H. Holland (of the C. M. S. Hospital, Quetta), our Provincial Commissioner for Baluchistan, had very narrow escape from death. The house occupied by Dr. Holland collapsed and almost buried him. But he was rescued by two others, with some injury on the back. He has fully recovered now and is doing his best for the alleviation of the sufferings of his fellow-men.

In the last issue of the bulletin we reproduced an article from a local newspaper about the rescue work done by certain Karachi Rover Scouts who happened to be in Quetta at the time of the disaster.

Another of our workers who was in Quetta at the time of the earthquake and is still there, doing relief work, is the Rev. E. Claydon, Deputy Camp Chief. His wife and child had a narrow escape. They have now gone to England. But Mr. Claydon is staying on in Quetta until October.

We have now received details of relief work organised by the Punjab Boy Scouts. Mr. H. W. Hogg, Provincial Secretary, is in Camp in Quetta with a contingent of one hundred Rover Scouts. Their main work has been to remove the dead and thus help to prevent the outbreak of epidemic diseases. In addition to this, the Rover Scouts have been engaged in investigating the where abouts of refugees, classifying the dead, injured and alive, and claims. Another section helps in the supervision of the sanitation of the five railway camps. Others assist the Police in controlling water supply. Another set of Rovers supply orderlies to accompany motor lorries to the different hospitals. Others have organised games for the children of refugees. Then there is a batch helping at the Post Offices, collecting and delivering letters—not an easy piece of work in an area where no streets and roads exist. The last party is in charge of the burial of the dead.

The Punjab Boy Scouts have also organised relief work at all the main railway platforms in the Punjab through which refugee trains had to pass.

The work done by these Rover Scouts have been appreciated not only by the sufferers and the refugees, but also by the Government. His Excellency the Chief Scout for India was pleased to inspect the contingent on the 4th. His Excellency the Governor of the Punjab, the Agent to the Governor General in Baluchistan, and the General Officer Commanding the area, have all written to Mr. H. W. Hogg thanking him and his Rover Scouts for the work done by them as also for their smartness and discipline.

The U. P. Boy Scouts Association has arranged to do what little they can to relieve the sufferings of those who have either passed through railway stations in their Province or have returned to some place in the U. P. Station-masters keep them informed of any refugee passing through. In their efforts they were able to render signal service to an ex-scout of the Fourth Quetta Troop, who had lost two brothers and three sisters and who was returning to a friend of his father in Calcutta.

We understand that Sind Rover Scouts also volunteered their services and that they are doing relief work among the refugees who have sought shelter in Karachi.

We congratulate the Boy Scouts of the Punjab and Karachi on the splendid spirit which they have shown and the work "well done".

**Training Camps for Commissioners:** During the month of June, two camps for Commissioners were held under the auspices of General Headquarters, India. The first one was at Pachmarhi at which 23 were present. Arrangements for this camp were made by Mr. M. R. Mandloi, D. C. C., Ak. L., Provincial Organising Secretary in the Central Provinces. The second one was held at the Stanley Park, Coonoor, the Provincial Training Centre of the Madras Provincial Association. 18 men took the course at this camp. Arrangements were in the hands of Mr. P. S. Narayanswami, D. C. C., Provincial Organising Secretary in Madras and Mr. N. Devanesan, Secretary of the Nilgiri Boy Scouts Association.

These camps were availed of by the C. P., Bhopal, Jaipur, Central India, Eastern India States Agency, Madras, Travancore and Cochin Associations. Among those who took the course were Lawyers, a Tahsildar, Superintendent of Police, the Commissioner of a Municipality, an Assistant Director of Education, a Prosecuting Inspector of Police, several Scout Workers and others. Every one showed great appreciation of the work done and of the benefit derived from the course.

General Headquarters are always prepared to arrange for such a course if a Province or State wants one for their Commissioners. The course lasts only for a period of three days.

**Greetings to His Excellency the Chief Scout for India**

The Honorary Dominion Secretary of the Canadian Boy-Scouts Association wrote as follows :—

"At the Annual Meeting of the Canadian General Council of the Boy Scouts Association held in Toronto on the 16th of May, I was specially asked to convey to you the greetings of our members who recall with pleasure the splendid leadership which you gave to Scouting during the period of your residence in Canada."

His Excellency wired back, "Grateful thanks for your charming letter. Wish continued success to Canada's Boy Scouts."

**The Peshawar City Fire:** The Rover Scouts of Peshawar rendered most useful service throughout the time of the Peshawar City Fire. They helped in evacuating the affected area and acted as guides. The District Military Commander says that their action was noted and commented on by several Military Officers who were on duty at the fire.

His Excellency the Provincial Chief Scout of N.W.F. Province has sent them a message of warm appreciation of the work done by the Rover Scouts at the time of a crisis like the city fire.

**Scout Books and Magazines:** (1) "Adventures in Scouting" is a most excellent publication of the Bombay Provincial Boy Scouts Association written by a Practical Scouter, most of the ideas contained in this book will be found most useful by those Scouters who are really in earnest about their work. Copies are available for sale at the Scout Shops in Lahore, Calcutta, Bombay and Madras and at the Provincial Scout Headquarters, Bombay. The price is six annas, postage extra.

(2) "The Road to the Scout Tests" is a tiny little volume published by Brown, Son and Ferguson. It explains all the Scout tests in detail and is fully illustrated. Patrol Leaders will find it a handy little volume, which will come in useful in dealing with their Patrol work.

(3) "The Book of Canoeing" is another publication of Brown, Son and Ferguson, priced 3/6/- Full instructions are given about the construction of Kayaks and Canoes and while the book is meant largely for British Boy Scouts, it will be found helpful in India also. We have no doubt that a copy of the book deserves to be in every Scout Library.

(4) An one-page cyclostyled publication called "Scraps from the Jungle" has now been appearing, month after month, for over two years.

Although it is only a single page leaflet, the matter contained within that space will be found most interesting and useful by all those who are engaged in Cubbing. The author who prefers to remain anonymous, calls himself "Brown Tip", but it will only be fair to say that what he does not know of cubbing is not worth knowing. "Brown Tip's" address is "St. Thomas Church, Free School Street, Calcutta".

( 5 ) The Punjab Boy Scouts Bulletin for June, contains an articl "On the Use and Abuse of Competition in Scouting" by Major A. R. Archer. Scouters, who are troubled about this matter in their Group work will find very useful hints in this article.

**Annual Report :** We have received a copy of the Annual Report ( 1934 ) of the Bangalore Boy Scouts Association. Bangalore is a go-ahead Association and reports marked progress both in Cubbing and Rovering, and emphasises the fact that the Association should place quality before quantity. One other point which we note is that the Association has a Board of Examiners for 38 Proficiency Badges. The report records the death, during the year, of Captain D. Waillling, M. B. E., the Assistant Provincial Commissioner. Captain Waillling started a Scout Troop in 1908 and has been connected with the work of the Movement ever since with the exception of the years of the Great War. The Bangalore Association in particular and the Movement as a whole in South India has lost in him an ardent and enthusiastic Scout Worker.

**The King's gift to Boy Scouts :** His Majesty the King has been graciously pleased to present to the Boy Scouts the electric button with which he ignited the Hyde Park Beacon on Jubilee Day. This Beacon was the signal fire for the 1775 Beacons which blazed throughout the British Isles on that memorable night. The Button is in appearance similar to an electric bell push, mounted on an oak base, and it will occupy an honoured place in the Council Chamber at Imperial Headquarters. Around the base is the following inscription :

"Presented by King George V to the Boy Scouts to commemorate the lighting of the bonfire in Hyde Park on 6th May 1935".

Sir Herbert Stanley, Governor and Chief Scout of Southern Rhodesia speaking to the boys of Milton School, Rhodesia, referred to the value of the Boy Scouts Movement and said—
